

SRI HARIHARAN

ASSOCIATE DEVELOPER | FULL STACK WEB DEVELOPER

haransrihari533@gmail.com | [linkedin.com/in/srihariharan-s](https://www.linkedin.com/in/srihariharan-s) | github.com/Sriharish

PROFESSIONAL SUMMARY

2025 Computer Science graduate and Associate Developer at VDart with hands-on experience building full-stack web applications using React, CodeIgniter 3, PHP and MySQL. Experienced in REST APIs, responsive UI development, Postman API testing, manual testing and automation testing. Comfortable turning requirements into working features, troubleshooting issues and improving user-facing applications.

TECHNICAL SKILLS

Front End: React, JavaScript, HTML5, CSS3, Bootstrap
Database: MySQL, SQL
Testing & Tools: Postman, Manual Testing, Automation Testing, Git, GitHub, VS Code

Back End: CodeIgniter 3, PHP, REST APIs
Languages: Java, Python, C
AI & Design: Generative AI, Prompt Design, UI/UX Design

EXPERIENCE

Associate Developer | VDart | Aug 2026 - Present

- Build and enhance full-stack application features using React, CodeIgniter 3, PHP, MySQL and REST APIs.
- Work across UI implementation, backend logic, database-driven workflows and issue troubleshooting.
- Use Postman, manual testing and automation testing to validate API and application flows.

Full Stack Intern | VDart | May 2026 - Jul 2026

- Worked on client-oriented full-stack development tasks and shipped application features during a two-month internship.
- Converted internship experience into a full-time Associate Developer role.

Full Stack Developer Intern | Yetram HR Solutions | Mar 2025 - Aug 2025

- Built web application features using HTML, CSS, JavaScript, PHP and MySQL, covering both frontend and backend work.
- Developed a bike wash booking workflow with booking, pickup, payment, admin and database features.

SELECTED PROJECTS

Yetram Water Wash - PHP, MySQL, JavaScript, Bootstrap

- Bike wash booking system with user/admin workflows, pickup option, booking management, payment flow and email notification support.

AGRIPRO - PHP, MySQL, JavaScript, Bootstrap

- Agricultural advisory platform connecting farmers with experts for problem posts, responses and practical farm support.

Finance Tracker - HTML, CSS, JavaScript, Bootstrap, Chart.js

- Financial dashboard with viewer/admin roles, charts, responsive UI and dark mode for tracking financial information.

Professional Portfolio - HTML, CSS, JavaScript

- Responsive developer portfolio with project showcase, skills, interactive sections, animations and Gmail-based contact flow.

EDUCATION

B.E. Computer Science and Engineering | R P Sarathy Institute of Technology | 2025 Graduate

- Academic focus: software development, databases, web technologies and application development.

ADDITIONAL TRAINING & STRENGTHS

- Training: Netaxis IT Solutions (Full Stack Web Development), Marcello Tech (Full Stack Training), plus hands-on learning in Java, Python, DevOps, UI/UX and AI tools.
- Strengths: communication, teamwork, adaptability, leadership, problem solving and a practical build-test-improve approach.
